

Global Research Network Program Proposal Format

※ Proposal Format Instruction

1. Font size 11 points, any change of given form is not allowed.
2. Proposal should not exceed about 20 pages except abstracts of representative works.
3. Do not write the name of research participants. When there are multiple collaborators, mark them collaborator A, collaborator B, and so on.
4. Please delete Note in the following.

Part I. General Information

Note: Information here is required to be in accordance with information provided online

1. Project Title	English	
	Korean	
2. Research Field	<i>Note: This information is for identifying reviewers.</i>	

3. Research Duration	(Years)
-----------------------------	---------------------

4. Budget (in 1,000 won KRW)	1 st Year	2 nd Year	3 rd Year	Total

5. Applicant Information

5-1 Researcher from Korea (principal investigator)

Affiliation and Department	
Position	
Field of Study	

Note: When there is any researcher from Korea, please provide information in the same format as above for each additional collaborator.

5-2 Researcher from Abroad (collaborators)

Affiliation and Department	
Country	
Position	
Field of Study	

Note: When there are multiple collaborators from abroad, please provide information in the same format as above for each additional collaborator.

6. Number of Participants

	Professor	Post-doctoral Researcher	Student in Ph.D. program	Student in Master program	Student in BA program	Total
Researcher from Korea*						
Researcher from **abroad 1						
Researcher from **abroad 2.						

Note

* Includes PI in the researcher from Korea.

** Fill in the blanks with only numerals(the number of people) and write the name of country where the researcher's from(country) in the box, *abroad 1. or 2.

Part II. Description of Project

7. Proposal Summary

Keywords			
Research Goals			
Research Description			
Expected Research Outcomes			

Note: The summary should not exceed one A4 page.

8. Full Proposal

Note: The proposal should be based on the clauses below.

8-1 Research Objectives and Significance

8-2 Project Substance

Note: Provide a clear and concise explanation of the project.

8-3 Context of Research

Note: Explain how the current project is related with published and ongoing work in the field.

- a. Relevance to established and ongoing research in the field.
- b. Relevance to P I's established and ongoing research.
- c. Relevance to participating researchers' established and ongoing research.

8-4 Methods

- a. Research principles and methodology
- b. Anticipated problems and means of resolution

8-5 Participating Researchers and Responsibilities

Note : The grand total of Project Participation Ratio should be 100% .

- a. Researchers from Korea

< PI >

Qualification	Affiliation	Department	Position (Status)	Project Participation Ratio (%)
PI				
Post doctoral level				
Student in PhD program				
Student in Master program				
Student in BA program				

< Collaborator >

Qualification	Affiliation	Department	Position (Status)	Project Participation Ratio (%)
Professor level				
Post doctoral level				
Student in PhD program				
Student in Master program				
Student in BA program				

Note: When there is any collaborator, please provide information in the same format as above for each additional collaborator

b. Researchers from abroad

Qualification	Affiliation	Department	Position (Status)	Project Participation Ratio (%)
Professor level				
Post doctoral level				
Student in PhD program				
Student in Master program				
Student in BA program				

Note: When there are multiple collaborators, please provide information in the same format as above for each additional collaborator

c. Explain how the research responsibilities will be distributed and show complementarities/synergies among members of the research group.

8-6 Work Plan

a. Research schedule

➤ Timetable of the project

No.	Stage	Month				
		0	3	6	9	12
1st Year	xxxx	x-----	---x			
2nd Year	xxxx		x-----	-----x		
3rd Year	xxxx			x---	-----x	

➤ Timetable of PI

No.	Stage	Month				
		0	3	6	9	12
1st Year	xxxx	x-----	---x			
2nd Year	xxxx		x-----	-----x		
3rd Year	xxxx			x---	-----x	

➤ Timetable of Collaborator

No.	Stage	Month				
		0	3	6	9	12
1st Year	xxxx	x-----	---x			
2nd Year	xxxx		x-----	-----x		
3rd Year	xxxx			x---	-----x	

Note: When there are multiple collaborators, please provide information in the same format as above for each additional collaborator.

b. Describe plans for researcher exchange

Note: State the date, the length, the purpose of visits, and the number of visiting scholars.

8-7 Anticipated Results and Potential Contribution

Note: Articulate contribution of the project in terms of potential benefit to research excellence in Korea and her international research network.

8-8 Bibliography of Relevant Primary and Secondary Sources

9. Research Performance and Outcomes

9-1 Researchers from Korea

a. Research performance of the P I (in the last 5 years)

Project Title	Role / Position	Funding or Sponsor Institution	Start Date (YYYYMMDD)	Budget (KRW)
		Program Title	End Date (YYYYMMDD)	

b. Outcomes of the P I (in the last 3 years)

➤ Publications in Journals

Publication Year	Title	Role(Tick the relevant box)			Journal (ISSN No.)	Vol/Page	SCI/SSCI level (O/X)
		First Author	Corresponding Author	Co-Author			
		V					
			V				
				V			

- Publications, Patents, Books, etc.
- Other Achievements (awards, journal editing experience, heading any academic societies, etc.)

c. Outcomes of the Collaborator from Korea(in the last 3 years)

Note : : When there are multiple collaborators from abroad, please provide information in the same format as below for each additional collaborator

➤ Publications in Journals

Publication Year	Title	Role(Tick the relevant box)			Journal (ISSN No.)	Vol/Page	SCI /SSCI level (O/X)
		First Author	Corresponding Author	Co-Author			

- Publications, patents, books, etc.
- Other achievements (awards, journal editing experience, heading any academic societies, etc.)

9-2 Researchers from Abroad

Note : : When there are multiple collaborators from abroad, please provide information in the same format as below for each additional collaborator.

a. CV (Write the main career in brief)

- Educational Qualifications
- Professional Experience
- History of Research Grants in Related Areas
- List of Recent Collaborators

b. Outcomes of the Researcher (in the last 3 years)

➤ Publications in Journals

Publication Year	Title	Role(tick the relevant box)			Journal (ISSN No.)	Vol/Page	SCI/SSCI level (O/X)
		First Author	Corresponding Author	Co-Author			

- Publications, Patents, Books, etc.
- Other achievements (awards, journal editing experience, heading any academic societies, etc.)

9-3 If the field of your study does not have journals relevant to any categories listed in the eligibility condition, please justify the eligibility of your work in a statement below.

10. Budget Plan

10-1 Overview of the Proposed Research Budget

(Unit: in 1,000 won KRW)

Item	Sub-items	1st Year	2nd Year	3rd Year	Ratio (%)	Total
Salaries						
Direct Costs						
Grand Total						

Note: Salaries: Labor costs of a research assistants

Direct costs: Materials and supplies, personnel expenses, informal/formal meetings, research dissemination, and other miscellaneous costs.

10-2 Allocation of Budget for Researchers from Abroad

10-3 Appropriateness of Budget Breakdown

Note: Explain how budget will be allotted in the appropriate places.

Part III. Abstract of Representative Works

Note: State PI and collaborator's representative works in summary, three for humanities & social science and five for science & engineering per person. It should be the same works as you proposed online. Each shall not exceed one A4 page.(The Collaborator does not include students but does include researchers from abroad..)

Representative Works		
Researchers	Principal Investigator(), Collaborator (A, B, C...)	Abstract No. :
Title		
Publications	Authored Book() Translated Book() Article in Journal() International Patent()	
Journal Title or Publisher		
Participants	1 person() 2 persons() 3 persons() 4 persons() more than 5()	
<input type="checkbox"/> Abstract or Summary		
<p><i>*Marking example of abstract of representative works</i></p> <p><i>- PI : PI-1, PI-2, PI-3</i></p> <p><i>- Collaborator : Collaborator A-1, Collaborator A-2 / Collaborator B-1, Collaborator B-2</i></p>		

Part IV. Three Projected Publications

Note: State three journals in which this project results shall be published.

	1st	2nd	3rd
Journal Title			
Country			
SCI/SSCI level (O/X)			
Justify excellence of Journal(s)			

Part V. List of Proposal Reviewers

Note: You can recommend five international peer reviewers for the proposal. The list of recommended reviewers will be included in the database of international peer reviewers. Recommended peer reviewers can be potentially requested to evaluate the proposal.

	Reviewer 1	Reviewer 2	Reviewer 3
